

Location Plat of
"Palmetto Gulch Mining Claims"
Located within the Galena & Uncompagre Mining Districts
Hinsdale & Ouray Counties, Colorado

General Notes:

1. The displayed claims are projected on the enlarged topographical map "Handies Peak" using Latitude & Longitude taken with a handheld GPS receiver at found original corner monuments or other positively identified physical features as called for and described in the field noted for said claims.
2. The estimated accuracy of the displayed claim boundaries in relation to the topographical map is $\pm 50'$. This error ellipse is partially due to problems inherent with the orthorectification of ".tiff" images together with un-adjusted differential GPS data.
3. This map does not imply that a bona - fide field survey was done to set or determine boundary location of the displayed claims.
