Claim the privacy of a peaceful, safe, developing environment, that is close to Florida's best offerings!

Yup, summer is coming, and I know it will be warm, so imagine taking a 27-minute drive to Sun Splash Family Waterpark where you can unleash the kids so they can enjoy the multiple pools, slides, meals, etc. that this family-friendly zone has to offer. Not a pool fan, then enjoy a multitude of beaches that are all within a 35-minute drive from this lot. Beaches like the 4.4 Star rated Port Charlotte Beach Park, Lighthouse Beach Park, and Blind Pass Beach amongst many more are all close to your property.

But that's not all.

If you're a science buff like myself, your inner scientist will be pleased to know that the IMAG History and Science Center is just 27 minutes south of your new home. What's this you may ask? According to Google, "IMAG History & Science Center is a hands-on science and aquarium museum in Fort Myers, Florida. Exhibits include dinosaurs and fossils, Calusa culture, live native and non-native small animals, aquariums and touch tanks, and interactive displays about the science and scientific topics including weather and nanotechnology." I promise this place will not disappoint.

All this and more can be done within 1 hour and 10 minutes drive from your new home, mansion, cabin, etc. To make this deal even better, this lot is 0.17 acres, and it has power available along the property lines and great paved road access.

Be close enough to experience everything but far enough to avoid the annoyance of city life and crammed highways. Own your piece of paradise in the sunshine state!
